- Ensure Regulatory compliance and industry conformance
- Value for money and cost control.

In support of this policy, the organisation is committed to a process of continual improvement in all aspects of our waste services provision including the provision of full quality assurance to our clients in line with the requirements of ISO 9001:2015, ISO 14001:2015 & ISO 45001:2018 Standard for Quality, Environmental and Safety, Health, and Welfare Management respectively.

ISO 9001:2015 is an integral part of our business process management and the organisation is dedicated to ensuring its continual effectiveness by:

- Providing clear focus on priorities through the establishment of business and quality objectives.
- Making available the necessary resources for the effective functioning of the quality management system and the achievement of our quality objectives.
- Communicating the policy and objectives to all Workers.
- Providing the necessary training and skills development.
- Environmental stewardship – integrate environmental considerations into our quality Management processes, ensuring that our services contribute positively to environmental sustainability.

To achieve this overall policy Cahir Environmental Services commits to providing all necessary resources, including finance, personnel, premises, staff facilities and specialist CCTV camera technology to assure quality.

Through Cahir Environmental Services affiliation with leading industry technology experts, we ensure continuous professional development and access to first class solutions and education services within our industry for all Workers.

This policy is realised through constant feedback and liaison with our clients and through strict adherence and proactive continuous improvement of our integrated quality management system based on the requirements of ISO 9001:2015 as a common management systems framework.

Cahir Environmental Services is dedicated to delivering exceptional quality in all aspects of operations. We are committed to continuous improvement, client satisfaction, and integrating climate resilience and sustainability into our quality management processes. Through this commitment, we aim to provide reliable, high-quality services that meet the needs of our clients and stakeholders while contributing to a sustainable future.

The realisation of this policy is the responsibility of all Cahir Environmental Services Workers.
